Criteria for Nomination

In addition to the rules of eligibility established by the Texas A&M System Regulations (31.08.01 Granting of Emeritus Status), SAMC has established the following criteria for nomination to emeritus status:

1. All officially retired faculty with a record of long service are eligible for consideration for nomination to emeritus status. As a general rule, over ten years of employment would be considered long service; however, exceptions can be made if individual contributions so warrant;

2. Nominations will not be based solely upon longevity and/or loyalty, but only upon significant contributions to the University throughout the length of service;

3. Significant contributions are defined as contributions in teaching, scholarly/creative activity or service that go beyond the normal duties and responsibilities of an appointment;

4. Such contributions should include, but are not limited to actions that (a) bring credit to the University within the academic and/or broader community; (b) serve the University in times of need, change, or development; or (c) serve a particular department or constituency of the University not ordinarily associated with the duties of appointment;

5. Emeritus status is not ordinarily awarded for a single accomplishment, but for a career pattern of distinguished service.

Procedure for Appointment

1. The President shall make all nominations for emeritus status to the Board of Regents. Faculty candidates for this nomination, however, will be initiated from within the appropriate college.

2. When a faculty member officially retires from the University, the Department Head or Director will submit his or her name and supporting materials to the SAMC Awards Committee for their consideration.

3. After making a preliminary decision on the suitability of a candidate for nomination to emeritus status, the Awards Committee will request in the form of an action item the faculty’s endorsement of the nomination.
4. If the faculty recommends emeritus status, the Awards Committee will forward the
nominee’s name, letter(s) of support, and vita (and supporting materials) to the
Faculty Affairs Committee of the Faculty Senate.

5. The Faculty Affairs Committee of the Faculty Senate shall make the final
recommendation of candidacies for nomination to the Provost for consideration by
the President. The Faculty Affairs Committee reports of the candidacy and
recommendation on an information only basis at the next Senate meeting.

Privileges

In addition to the privileges established by the System, the University also extends the
following:

1. Access to all extra curricular facilities and activities (e.g., field house, artistic
functions) on the same basis and cost as to full-time faculty;

2. Maintenance of a Computer Services account number, with access from either campus
or home on the same basis as full-time faculty. Upon request, issuance of an
appropriate identification card for use at the library and other offices of the University,
on the same basis as full-time faculty;

3. May be invited to attend faculty meetings and extended the privileges of the floor, but
have no vote, all at the discretion of the Director of the college concerned.

Responsibilities

In addition to the responsibilities expected by the System, the University also expects the
following:

1. Emeritus members of the faculty may be asked to serve on established or ad hoc
departmental, college or university committees;

2. Emeritus members of the faculty may be expected to be academic resources available
to the college involved, particularly in the areas of their competence;

3. Emeritus members of the faculty may be expected to continue to assist the University
in areas of their competence when requested to do so, particularly in an advisory
fashion;

4. Whenever using the Emeritus title, in print or otherwise, the faculty member should
conduct himself or herself in the same manner and considerations expected of all full
time faculty.
